

Desmos calculators are available on the Middle Years Programme Assessments. The calculators you'll see on your exam may differ from what's available for free on [desmos.com](https://desmos.com).

## Scientific Calculator: Middle Years Programme Assessments

|                               |                                                                                                                    |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------|
| Function definitions          | You cannot define functions on your test.                                                                          |
| Convert decimals to fractions | The calculator on your test does not include a button that converts decimals to fractions automatically.           |
| Keypad                        | The keypad on your test is alphabetical (rather than QWERTY like on <a href="https://desmos.com">desmos.com</a> ). |

If you'd like to practice using the testing versions of the calculators, which are configured with the listed changes, visit our [Testing page](#). All Desmos calculators are designed to be accessible to students with low vision or who are blind. For more information, visit our [Accessibility page](#).
