Default Testing Calculators

desmos studio PBC

Desmos calculators are available on many state, national, and international assessments. The calculators you'll see on your exam may differ from what's available for free on desmos.com.

Four-Function Calculator:

Additional function buttons	A fraction button is enabled in addition to the square root button.

Scientific Calculator:

Function definitions	You cannot define functions on your test.

Graphing Calculator:

Images, folders, and notes	Images, folders, and notes are disabled on your test.
Default angle mode	The calculator on your test defaults to degrees (rather than radians like on desmos.com).
Disabled functions by category	The following functions are disabled on your test: • **Trig functions, hyperbolic functions, and their inverses:** csc, sec, cot, arccsc, arcsec, arccot, csch, sech, coth, arccsch, arccoth, arcsech • **Statistics:** mad, cov, covp • **Geometry:** distance, midpoint Learn more about these functions on our Supported Functions page.
Tone	Tone is disabled on your test.

If you'd like to practice using the testing versions of the calculators, which are configured with the listed changes, visit our Testing page. All Desmos calculators are designed to be accessible to students with low vision or who are blind. For more information, visit our Accessibility page.
